About Me

- Enthusiastic and innovative Full Stack Web Developer with a robust foundation in HTML, CSS, Bootstrap, JavaScript, and Python. Eager to embark on a dynamic web development career, I am committed to staying abreast of emerging technologies to deliver cutting-edge solutions.
- My expertise lies in crafting user-friendly, responsive web applications with a meticulous eye for design. Collaborative by nature, I bring proven skills in teamwork, quick adaptability, and a fresh perspective to every project.
- Beyond the realm of coding, I am a passionate Advanced Yoga Practitioner and Teacher. I can contribute to team productivity by integrating yoga practices that foster mental and physical well-being, creating a healthier and more productive work environment.
- Notably, my proficiency extends to organizing information with precision using Notion. This skill ensures a structured and efficient approach to project coordination, adding a valuable layer to my technical toolkit.
- Excited to contribute technical skills, dedication, holistic well-being, and organizational prowess to a forward-thinking development team.
